Community

Personal

Family Farm - Cobram

- 700 Milking cows
- 6 million litres
- Calving all year round
- 650 young stock
- 660 ha, 50% irrigated

On Farm

- Official management role
- Continue learning

On farm challenges going forward

- NO grazing system
- Diversification
- Genetic improvements

Family Challenges

- Succession
- All Chiefs, NO Indians
- Diversification

Industry

- Welfare
- Give back

Future Challenges

- Public perception
- Climate Change (drought)
- Ag as a career

If I can play a part in increasing knowledge in the farming sector, building stronger communities, or enhancing relations between dairy and the broader community, I will be playing a part in strengthening agriculture in this Country

Education to date
